4. The duties/responsibilities of the selected Music Director/Composer/Arranger will be conceptualizing, curation, planning and execution of the performance including show curation, logistics management and coordination, selection/audition of artists/groups and their finalization in consultation with ICCR, rehearsals coordination and management, artists liaisoning, stage designing, stage management, costume designing, green room management, infrastructure management, technicals coordination, light design, sound engineering, content/theme writing, visual presentations and renderings of the show in advance, etc.

5. The proposals should include detailed concept of the proposed performance along with the following details :

- a) List of musical instruments (classical as well as folk)
- b) Number / Composition of artists (including Children/ youth / Girls / Differently Abled artists)
- c) Synopsis of the proposed music to be played
- d) Proposed designs of the set / stage with sizes
- e) Details of the attire/costume to be worn by the artists
- f) Time required for preparation and rehearsals for the final performance
- g) Technical requirements including stage, lights & sound
- h) Video clips, if possible of the proposed production and or of a similar production done earlier
- i) Any additional material which will help us to understand the proposal better
